Project description

Our valued partner has over 15 years' experience of facilitating students and volunteers all over Mauritius. This is an internship for students who study anything related to education and teaching on all kinds of subjects. There are options with the youngest age group in the day-care, nursery and pre-primary schools. Teach the 5-12 year olds in the primary schools or educate 12+ learners in secondary school.

The internship

Role of the intern:

Aiming for skills transfer next to leaving behind materials and methods that can be used in terms of sustainability such as a research report.

Specific activities you may get involved in:

- Cooperate with the staff and assist with teaching
- Care taking of youngest children in day care, nursery or pre-school
- Assist learners with academic, mental & physical development
- Work together with social worker on learners challenges and development
- Develop easy to use teaching methods
- Give advice, support and create workshops (for learners and parents)

The facilities

Supervision: at least Bachelor level; on request depending on field and school.

Workspace for intern: on the school.
